

Case-Halls Mills,  
Investigation-DeL.

105.1324 Dem / Benjamin, McAllister

On September 18th, 1926. In conference with Mr. Pheiffer gave him a verbal report of information secured by me. Also gave Mr. Palzer the address of Mr. H. Glaser 130 West 42nd Street who has the 1925 records of the Ansonia Hotel and instructed him to write a letter to the said Glaser for the purpose of securing Clare B. Lapham's address. Continued my search for Mr. Benjamin and Mr. McAllister and Mr. Carter but was unable to locate them. Also interviewed Thomas P. Wilson of 164 Fulton Street Brooklyn who conducted a stationary store near police headquarters, Somerville, N.J., during the first investigation, as Mr. Palzer and I had been informed on the evening of the 17th by a Mr. William F. Monahan of 17 Concord Street Brooklyn that Mr. Wilson might be in a position to give us some valuable information. Interviewed Mr. Wilson and he tells me that he was living in Somerville during the first investigation and that he is located at his present address for about 9 months. His knowledge of the Halls-Mills Case is only gossip that he heard during the first investigation, also that he has nothing definite either one way or the other. He knows Mr. Totton well and knows Mr. Beckman well and speaks very well of them. He claims he has no information that will aid anybody in the investigation.
